

National Webinar: ICT & Digital Pedagogy in NEP 2020

Blended Learning | Digital Tools | Smart Teaching | Assessment & Engagement

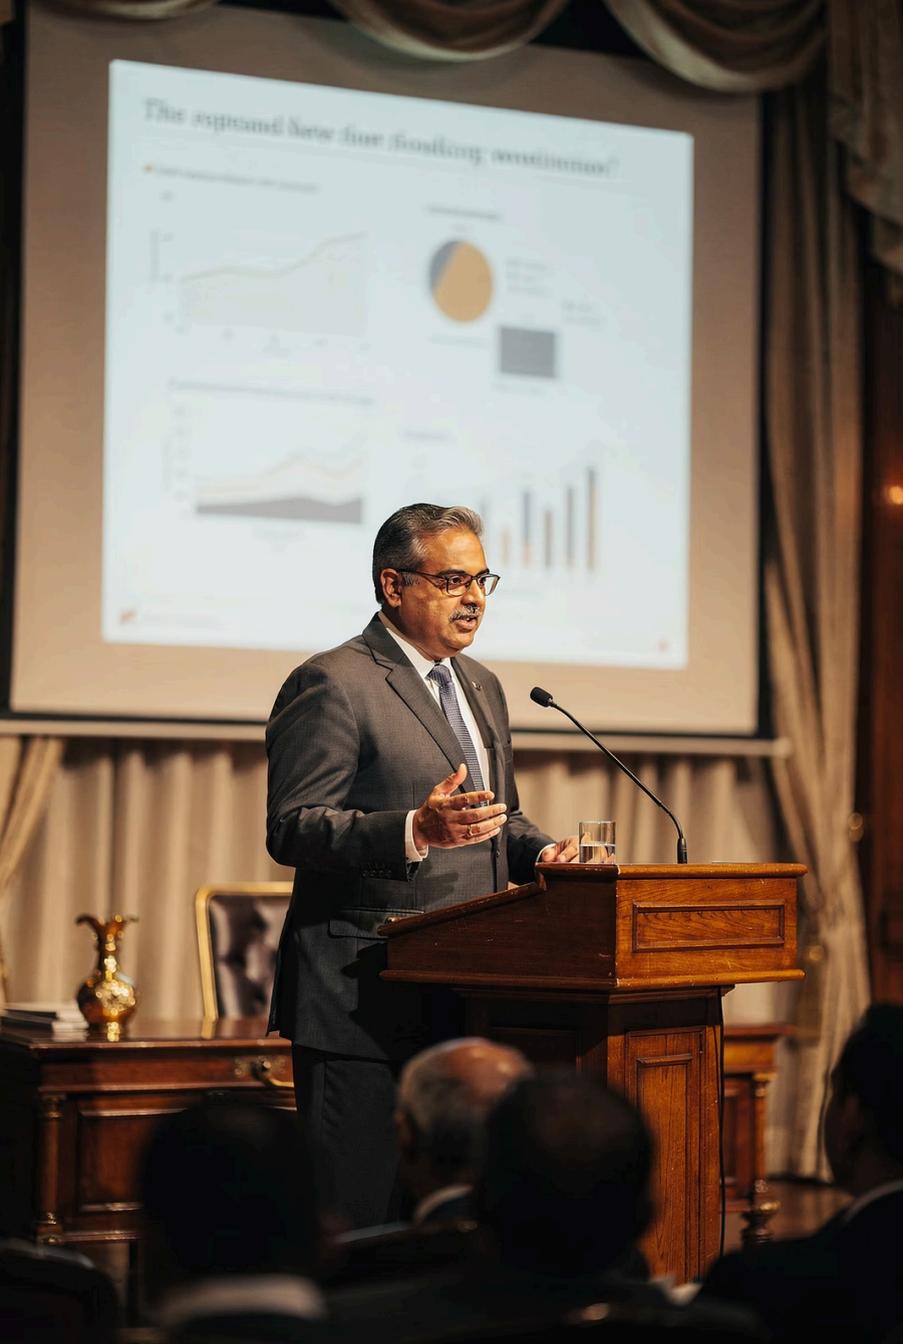

Organised by Naveen Vidhyapeeth T.T. College, Nimbi Jodha

Recognised by NCTE & Affiliated with MDS University, Ajmer

17 15 JANUARY 2026

10:00 AM IST

ONLINE (GOOGLE MEET / ZOOM)

Our Esteemed Guests

Chief Guest

Prof. Nagendra Singh

Dean (Research), Education
MDS University, Ajmer

A distinguished academic leader driving research excellence and educational reform across Rajasthan's higher education landscape.

Guest / Resource Person

Dr. Sunil Kumar Gupta

Principal
BKD College, Sikar

An experienced educator and administrator committed to integrating innovative teaching methodologies in teacher education programmes.

About the Webinar

The **National Education Policy (NEP) 2020** envisions a fundamental transformation of India's education system through meaningful **Technology Integration** and **Digital Pedagogy**. This landmark policy recognises that ICT is not merely a supplementary tool but a **core enabler** of quality education.

This national webinar is designed to empower **Teacher Educators** and **Student-Teachers** with the knowledge and confidence to leverage ICT tools for **effective, engaging, and outcome-based teaching** – whether in traditional classroom settings or blended and online modes.

The session will focus on **practical strategies**, classroom-ready digital methods, assessment tools, and best practices that participants can implement immediately in their teaching practice.

Key Highlights of the Webinar

NEP 2020 & ICT in Education

Understanding the role, direction, and vision for technology integration across all levels of the Indian education system as outlined in NEP 2020.

Digital Pedagogy & Teaching Methods

Exploring interactive teaching, flipped classrooms, and blended learning strategies that transform passive learners into active participants.

LMS & e-Content Integration

Practical use of Google Classroom, Learning Management Systems, e-libraries, and digital content creation in teacher education programmes.

More Highlights You Won't Want to Miss

1

Digital Lesson Planning

Master the art of creating compelling PPT presentations, video lessons, simulations, e-resources, and leveraging e-library tools for enriched instruction.

2

Online Assessment & Analytics

Learn to design quizzes, Google Forms, rubrics, and feedback mechanisms powered by analytics to track and improve student performance.

3

Cyber Safety & Digital Ethics

Navigate data privacy, responsible technology use, and plagiarism awareness — essential skills for every 21st-century educator and learner.

4

Student Engagement Strategies

Discover digital engagement techniques including live polls, real-time Q&A sessions, and collaborative tools that bring classrooms to life.

CHAPTER 3

Aim of the Webinar

To strengthen ICT-based teaching-learning in Teacher Education in alignment with NEP 2020, and to empower teachers with the practical use of digital tools and pedagogy – making learning more **interactive, inclusive, and measurable**.

This webinar bridges the gap between policy vision and classroom practice. By the end of this session, participants will not only understand the *what* and *why* of digital pedagogy, but will be equipped with the **how** – actionable strategies they can begin implementing in their institutions immediately.

Webinar Objectives

The webinar is structured around four transformative objectives designed to take participants from understanding policy to implementing practice.

01

Understanding Digital Pedagogy in NEP 2020

Explore the concept, scope, and relevance of digital learning within teacher education as envisioned by NEP 2020 – building a strong foundational understanding of the policy framework.

03

Developing 21st Century Teaching Skills

Build competency in digital lesson planning, interactive classroom engagement, e-content creation, and effective digital classroom management techniques.

02

Policy to Practice: Implementation Strategies

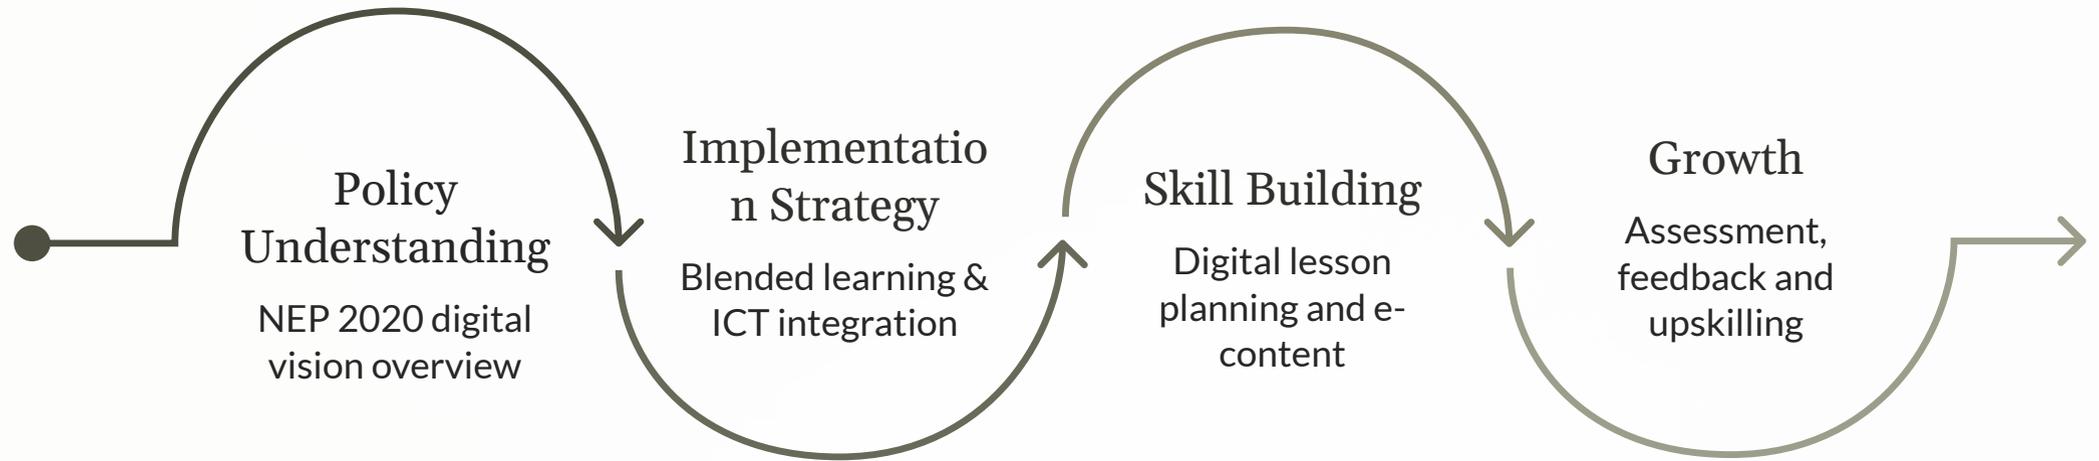

Translate NEP 2020 guidelines into actionable strategies for teacher training colleges, including blended learning models, ICT integration roadmaps, and institutional strategy development.

04

Assessment, Feedback & Professional Growth

Master online formative assessment tools, feedback systems, reflective teaching practices, and chart a personal upskilling roadmap for continuous professional development.

Your Learning Journey at a Glance

This webinar takes you on a structured journey – from grasping the NEP 2020 policy framework to developing actionable digital teaching skills and building a sustainable path for professional growth.

Who Should Attend & What You'll Receive

Ideal Participants

- Teacher Educators at B.Ed. and D.El.Ed. colleges
- Student-Teachers pursuing teacher education programmes
- Education administrators and academic coordinators
- Researchers in Education and ICT integration
- Anyone passionate about transforming teaching through technology

E-Certificate

An **e-Certificate of Participation** will be provided to all registered candidates upon successful attendance of the webinar.

Important Note: The e-Certificate will be issued only to participants who have completed the registration process. Walk-in participants without prior registration will not be eligible.
